Positions Currently Available

I. Account Manager

Responsibilities:

CPHort Account Managers are an essential part of our business. The primary function of an Account Manager is to fulfill the requirements within our customer relations policy. Account Managers engage in three main activities: 1) Customer Service & Retention, 2) Estimating and 3) Sales.

Minimum qualifications:

- Fearless, lifelong learner with innovative thinking skills
- Completion of post-secondary education (college, industry, or technical training)
- Sincere listening and communication skills (both oral and written)
- Think critically, creatively, and with an attention to detail
- Speak, read, and write English

Preferred qualifications:

- Related industry experience
- Experience with digital measuring applications
- Experience with a formal, repeatable sales process (Carnegie, Sandler, etc.)
- Speak, read, and write Spanish

II. Landscape Enhancement (Construction) Foreman

Responsibilities:

The Landscape Enhancement Foreman is responsible for overseeing all on-site aspects of landscape construction projects.

Minimum qualifications:

- High School Diploma, GED or Minimum 3 years' experience in the landscape/grounds maintenance industry; speak, read, and write English.
- Ability to use a smartphone or data-enabled device for communication and reporting.
- Ability to read and interpret blueprints and specifications.
- Valid Illinois driver's license and safe driving record.
- Knowledge of specific materials, methods, tools and equipment required to complete various landscape/construction practices.

III. Grounds Maintenance Foreman

Responsibilities:

The Grounds Maintenance Foreman is responsible for performing a variety of work tasks in order to manage the timely completion of grounds maintenance service contracts. The grounds maintenance foreman will be required to supervise a crew of laborers and operate a variety of tools and equipment to carry out specific job tasks, as well provide daily progress reporting on job time and cost data.

Minimum qualifications:

- High School Diploma, GED or Minimum 3 years' experience in the landscape/grounds maintenance industry; speak, read, and write English.
- Ability to use smart phone or data-enabled devices for communication and reporting
- Knowledge of specific materials, methods, tools and equipment required to complete various landscape maintenance practices
- Valid Illinois driver's license and safe driving record
- Valid Illinois Dept. of Agriculture Operator's Pesticide License

Successful candidates shall embrace Cornerstone Partner's Mission: *To be the most trusted partner; caring for the outdoor environments of those we serve. We shall achieve this by consistently doing the little things exceptionally well, while living daily our core values of **Honesty, Integrity, and Faith.***

Please send your resume and cover letter to info@CPHort.com

14N850 US Hwy 20, Hampshire, IL. 60140

Hampshire Farms is the primary supplier of perennial flowers for Home Depot Stores throughout the Midwest. For over 27 years, our passion has always been people...our clients and our team members. We aim to make a difference in lives through the stewardship of the landscapes entrusted to us. **Rosborough Partners**, located in Libertyville, IL, is looking for talented, dedicated people to join our dynamic team.

Positions may be full-time, part-time or seasonal. We are an Equal Opportunity Employer.

Resumes may be sent to: resumes@rosboroughpartners.com OR Call: 847.549-1361

We have the following positions open :

- **Residential Maintenance Account Manager—Libertyville**

Responsible for maintaining and building client relationships to instill confidence in Rosborough Partners services and establish your role as their primary contact for all maintenance and enhancement services. Generates new sales leads, contract renewals and ensures quality control is followed on client sites. Requires minimum 2 years of landscape industry experience and/or equivalent degree. Must have a valid driver's license with a good driving record.

- **Safety Coordinator—Libertyville**

Develops safety objectives and coordinates safety training programs to ensure compliance with health and safety standards. Investigates accident reports, and helps identify strategies to prevent future accidents. Prefer degree in safety science, engineering or industrial hygiene discipline and 3 years of experience. Broad knowledge of OSHA, DOT and state and federal safety and health programs and other safety laws is desirable. Landscape industry experience is a plus. Must have a valid driver's license with a good driving record. English and Spanish fluency is beneficial.

- **Production Team Members—Libertyville & West Chicago/Aurora**

This position requires working outdoors in all kinds of weather and is physically demanding and repetitive involving much bending and lifting. Job responsibilities include lawn mowing, planting, line trimming, and edging. Some jobs require lifting heavy rocks, and bricks. Handling power equipment such as lawn tractors and chain saws may be needed. If driving is required, must have a valid driver's license and good driving record. English & Spanish fluency is desirable.

- **Plant Health Care Spray Technician—West Chicago/Aurora**

With minimal supervision, this position is responsible for safely handling, storing, mixing and applying pesticides according to label specifications. A Pesticide License is required. Must has a valid driver's license with a good driving record. English and Spanish fluency is desirable.

Entry-level Landscape Designer/Support Position

Schmechtig Landscapes, an award winning full service design-build landscape firm founded in 1960 and located in Mundelein, Illinois, is seeking an enthusiastic team player who can also work independently to efficiently support the design staff with surveying, base sheets, drafting, color rendering, area quantity take offs, presentation materials and municipal permitting.

The Landscape Designer/Support Person is responsible for the functions below:

- Locate, measure, record and photograph existing site features of properties using provided instruments.
- Create base sheets in AutoCAD upon which the landscape plans will be utilized by others.
- Convert hand drawn design concepts into AutoCAD plans.
- Develop aesthetically pleasing color renderings for presentations using markers, pencils and paint pens.
- Utilize SketchUp software to create 3D illustrations when required.
- Prepare a custom photo library for client presentation of all of the proposed design features and materials.
- Assist designers with calculating areas and quantities of proposed materials for estimates.
- Prepare building permit applications for submittal to the appropriate municipality.
- Other duties as assigned.

Desired Skills & Experience:

Qualified candidates should enjoy working outside and be competent with AutoCAD and computers. Ability to identify Zone 5 common trees, shrubs and perennials and experience using SketchUp is desired. A Bachelor or an Associate Degree in a related field is preferred.

Qualified candidates are to send resumes to Michael Schmechtig, President at ms@schmechtiglandscapes.com or call him at 847-417-5573.
