ILCA is pleased to announce a new event to debut this fall. This exclusive event will bring (40) landscape business owners and senior managers together for two days of business, professional growth, and fun. Join Joe Abraham, author of the book Entrepreneurial DNA, as he collaborates with the audience to build an understanding of what strong businesses need to thrive while working under the constraints of the landscape industry. All the details will be taken care of from the moment you arrive, so you can disengage and focus on your company's future. After the past two years, we all need to recharge our batteries!
