

## **Torben Hoffmeyer**

### **Hoffie Nursery & GET Group**

Torben is the Sales Manager for both Hoffie Nursery & GET Group. Hoffie Nursery supplies finished perennials to the independent garden centers, landscape contractors, and re-wholesales in the Midwest region. GET Group grows young plant perennials supplying nurseries and garden centers across North America.

Torben graduated from Grand Valley State University with an Operations Management Degree. Growing up in the industry, he has learned many things about perennials but says he's no expert, so he has to learn more and more everyday through his network of people that breed plants, to the fantastic growers that he works with on a daily basis.
